

**FAST\$05 PROJECT
2005-2006 First Quarter Report Plan**

Overview:

This first quarterly report of activities related to the Center for Family Research evaluation of the FAST Project focused on FAST\$05 enrollment information supplied by counties through the data collection period ending October 15, 2005. Hence, this report represents the compilation of details regarding the county by county breakdown of total enrollments in FAST\$05 and corresponding data compliance rates as of that date.

A total of **2,160 youth** were enrolled in the FAST\$05 Project according to the combined MACSIS and OSU datasets. For these youth, the FAST\$05 enrollment data overall compliance rates for all counties were as follows:

- ❖ OSU Enrollment Forms completed: **89%**
- ❖ OSU Family Packets completed: **67%**
- ❖ Ohio Scales completed: **63%**

What follows next is a listing of counties that deserve special recognition for the contributions made to the rather impressive first year compliance rates¹.

¹ Please note that issues concerning data entry into the Ohio Outcomes database may have affected compliance rates for certain counties.
